## WEST FRYEBURG.

The Stirling Club.

Wednesday, March 19, the Stirling Literary club met at the home of Mrs. Edith L. McKee.

There was a good attendance and a lively interest displayed in the lesson for the day. The readers were Mrs. Messier, Miss Hutchins, Mrs. Andrews, Mrs. McKee and Mrs. Hill.

An interesting selection from 'The Bay View' magazine giving the history of New Orleans, its people, their amusements including the famous Mardi Gras festival, the beauty of the Creole women, the wonderful salubrity of its climate, its flowers, fruits, etc.

Mention was made of a former member of the club from its organization, Mrs. J. Alvin Jones, whose death occurred in Bridgton, March 15, after a short illness, and whose remains were brought for interment to the cemetery in West Fryeburg, Tuesday, March 18, in the Jones family lot.

Mrs. Jones served the club in one or another office almost constantly, was its secretary and treasurer for several years successively and was also several terms chosen as its president. Mrs. Jones was a book lover and was a long time the custodian of the club's little library and entered with enthusiasm into all the literary interests of its life during her residence in West Fryeburg, which terminated in her removal to Bridgton three years ago.

Mrs. Jones taught school in Conway, N. H., before her marriage, in which town was the latter home of her parents until their removal to the Wiley homestead now owned and occupied by Frank Smith.

Mrs. Jones was a member of the Universalist church and active in the social work of its Guild. Her memory will long be treasured by members of the Stirling Literary club.

The epidemics of mumps and measles are making new victims as former ones are on the mending hand. No fatal cases have been reported as far as can be learned and we may hope for normal health ere long.

COUGHS AND CONSUMPTION.

Coughs and colds, when neglected, always lead to serious trouble of the lungs. The wisest thing to do when you have a cold that troubles you is to get a bottle of Dr. King's New Discovery. You will find relief from the first dose, and finally the cough will disappear. O. H. Brown of Muscadine, Ala., writes: "My wife was down in bed with an obstinate cough, and I honestly believe had not been for Dr. King's New Discovery, she would not be living to day." Known for forty-three years as the best remedy for coughs and colds. Price 50c and \$1.00. Recommended by Noyes Drug Store. 14-17

## The Easy Laxative

In justice to yourself you should try Rexall Orderlies,—your money back if you don't like them. They are a candy confection that really do give easy relief from constipation.

Good health is largely dependent upon the bowels. When they become sluggish the waste material that is thrown off by the system accumulates. This condition generates poisons which circulate throughout the body, tending to create coated tongue, bad breath, headache, dull brain action, nervousness, biliousness and other annoyances.

Avoid harsh cathartics and physics. They give but temporary relief. They often aggravate the real trouble. They are particularly bad for children, delicate or aged persons.

### Rexall Orderlies

Come in tablet form, taste just like candy and are noted for their easy, soothing action upon the bowels. They don't purge, gripe, cause nausea, looseness, nor the inconveniences attendant upon the use of purgatives. Their action is so pleasant that the taking of Rexall Orderlies almost becomes a desire instead of a duty.

Children like Rexall Orderlies. They are ideal for aged or delicate

persons as well as for the most robust. They act toward relieving constipation, and also to overcome its cause and to make unnecessary the frequent use of laxatives. They serve to tone and strengthen the nerves and muscles of the bowels and associated organs or glands.

### Make Us Prove It

We guarantee to refund every penny paid us for Rexall Orderlies if they do not give entire satisfaction. We ask no promises and we in no way obligate you. Your mere word is sufficient for us to promptly and cheerfully refund the money.

Doesn't that prove that Rexall Orderlies must be right? You must know we would not dare make such a promise unless we were positively certain that Rexall Orderlies will do all we claim for them. There is no money risk attached to a trial of Rexall Orderlies, and in justice to yourself, you should not hesitate to test them.

Rexall Orderlies come in convenient vest-pocket size tin boxes; 13 tablets, 10c.; 35 tablets, 25c.; 80 tablets, 50c.

CAUTION: Please bear in mind that Rexall Remedies are not sold by all drug stores. You can buy Rexall Orderlies only at The Rexall Stores.

## Tobacco Should be Smoked Up As Soon as it's Cut Up

Then it is bound to be fresh—to smoke cool and sweet—because the natural moisture hasn't a chance to escape. That's the reason experienced smokers stick to the good old Sickle plug—slice off a fresh pipeful as they need it—and get all the original flavor and fragrance that have been pressed in the plug, and kept there by the natural leaf wrapper.

These smokers could save a minute's time by getting their tobacco already cut up—but they know it would also be dried up, would burn fast and bite their tongues.

You'll find solid satisfaction in smoking Sickle. And you'll get more tobacco, because there is no package to pay for. Your dealer sells Sickle.

Know Paint.

There's a paint-education in this advertisement. Buy by the job, not gallon. Buy by the paint put-on; that's the job. The price of paint is so much a gallon; that can't be helped, but amounts to nothing.

The price of painting is so much a day; that can't be helped, but amounts to nothing.

Put them together. How can you do it? You've got to lose perhaps half of your money.

Devoe, 10 gallons enough for the average job; an average paint, 15. Now reckon your costs. Count labor a day for a gallon. Devoe 10 days; the other 15.

Devoe about \$50; the average paint about \$70 or \$80; the dearer the labor the bigger the difference, always that way.

But that's for the job. How long is it going to last? One twice as long as the other.

DEVOE. F. P. Stone, Norway; F. N. Wright, So. Paris; Emery & Shaw Co., West Paris sell it.

There is no crossing the river with teams as the water is very high.

Doctors Said He Had Dropsy.

Some time ago I had an attack of gripe which finally settled in my kidneys and bladder. I doctored with the doctors and they claimed I had dropsy. I tried other remedies and got no relief from any of them. My condition was such that I was unable to work for about two months and the annoying symptoms caused me a great deal of trouble and pain. I was hardly able to turn over in bed. Seeing one of your almanacs, I decided to give Dr. Kilmer's Swamp-Root a trial and after taking several bottles was able to resume my work again. I cannot say too much in praise of your Swamp-Root as the results in my case were truly wonderful.

Yours very truly,

### Those Dizzy Feelings.

By Dr. True

People often come to me complaining of dizziness and nausea. If they look down, or up, or change position suddenly, they have a whirling, topsy-turvy feeling that is very distressing. They are in a truly wretched condition—unfit for business or pleasure—half sick and feeling just as bad as if wholly so.

Now, I find nine times in ten that such people have been careless about eating, and haven't kept their bowels in good order. People don't always know it, but really most sickness comes from neglect of stomach and bowels. This fact I have learned in a long and laborious practice. I urge you, then, if you feel dizzy, nervous, depressed, see spots before your eyes or have had breath, to begin taking my Elixir. It may be had of almost any dealer—at a very moderate cost. This is a pleasant remedy to take and is very effective. It will certainly remove the poisons from your system, restore your appetite, cause your food to digest properly and your bowels to act as nature meant they should. Also expel stomach worms and pin worms if any be present. Go, then, to the nearest dealer and ask for Dr. True's Elixir. I am sure that you will not be disappointed in the good it will do you.

Injured By a Bull.

As Fred Dunn was watering his bull, Saturday night, the bull attacked him and threw him down. After he got him back into the barn and was trying to tie him up he hooked Mr. Dunn again, breaking his breast bone and injuring him in other ways very seriously. They had two doctors Saturday night to set the broken bone and to dress his wounds. They said that there was just an even chance for him. Sunday they got a trained nurse for him.
